# SIXTH NATIONAL ACCP PULMONARY BOARD REVIEW

*Postgraduate Course*

CHAIRMAN: Robert M. Rogers, M.D., FCCP, Pittsburgh

**IN 1986, TWO GREAT LOCATIONS  
FOR YOUR CONVENIENCE!**

\* **SAN DIEGO, June 9-13, 1986**

\* **PHILADELPHIA, September 8-12,  
1986**

(Pulmonary Board Examination:  
November 11, 1986)

---

## **INNOVATIVE**

The 1986 board review courses will use the computerized response system, enabling each physician-attendee to confidentially diagnose his/her strengths and weaknesses on board-like questions related to etiology, pathogenesis, diagnosis, assessment and treatment of pulmonary disease.

---

## **SUCCESSFUL**

Over two thousand physicians have attended ACCP's Pulmonary Board Review Courses to prepare for pulmonary boards or to review current pulmonary disciplines!

---

## **RESPECTED**

For 50 years, the American College of Chest Physicians has provided physicians with information on the latest advances, controversies and techniques in pulmonary medicine. Chosen faculty includes leaders in modern pulmonary medicine—superb and experienced teachers.
